THE HAVANA REVENUE SUPERINTENDENCY.

WASHINGTON, Dec. 22.—There is the most positive assurance that a successor is to be appointed to Mr. Fish as Superintendent of Internal Revenue for Illinois, and the appointment of S. A. Irwin, of Chicago, is spoken of. His appointment, it is said, has nothing to do with the Centennial contract.

The appointment of Mr. Ogden, of Chicago, has been confirmed by the Senate as Governor of Utah, for the past four weeks, but it does not appear that the President is disposed to make any change there, unless Callom is willing to accept. General Sherman, of Springfield, has also been tendered the place.

When the Senate went into executive session this afternoon, Mr. Sumner said a number of gentlemen had called upon him to request that General Schenck, without the concurrent reference of the committee, Mr. Sumner being the chairman, which by the rules of the Senate would have been necessary, should be confirmed by the Senate. He (Sumner) had been informed that the President had been waited upon by a committee of gentlemen from Dayton, Ohio, urging the appointment of General Schenck to the new duties. He expressed no opinion himself, and declared his hope that the General's nomination should be sent to the Senate and that in the ordinary course of business. He had no objection to the appointment, but he thought it was proper that the Senate should have the usual opportunity to act upon the nomination. He had no objection to the appointment, but he thought it was proper that the Senate should have the usual opportunity to act upon the nomination. Mr. Thurman said he had no objection to the appointment, but he thought it was proper that the Senate should have the usual opportunity to act upon the nomination.
